

Automotive

Launch into an Automotive Apprenticeship with enhanced knowledge and skills with this PAID Traineeship Program.

Program Overview:

This program is PAID (in accordance with trainee award wages). Participants will be required to commit to full-time 38 hours, five (5) days per week, over 13-weeks, for training and work placement and includes:

- 10-weeks of training to obtain a Certificate I in Automotive
- Teaching elements from 8 accredited units determined as highly desirable by industry:
 - Apply automotive workplace safety fundamentals
 - Identify environmental and sustainability requirements in an automotive service or repair workplace
 - Identify automotive mechanical systems and components
 - Use and maintain tools and equipment in an automotive workplace
 - Identify automotive electrical systems and components
 - Use and maintain basic mechanical measuring devices
 - Read and respond to automotive workplace information
 - Carry out mechanical pre-repair operations
- Industry engagement and additional training in Situational Safety Awareness, Wellness and Self-Care, Industrial Relations and Workplace Preparation.
- Up to 3-weeks work placement with an Automotive host business.
- Support throughout program to help participants progress and transition into an apprenticeship (subject to availability).
